

Advising + Planning + Evaluating + Leading

For almost 50 years the Springfield-Sangamon County Regional Planning Commission (SSCRPC) and its predecessor agencies have met the planning needs of both the City of Springfield and Sangamon County. Along with this on-going responsibility, the SSCRPC's staff regularly works with many other public and semi-public agencies throughout the area to promote orderly growth and redevelopment, conducting numerous research studies and planning projects each year.

The Commission that oversees this work is made up of 17 members who include representatives from the Sangamon County Board, Springfield City Council, special units of government, and six appointed citizens from the city and county. By its establishing ordinance, the officers of the Commission must be elected from these citizen members.
